

Docentric AX Free Edition

Use greatly improved print destinations such as Email, File or Archive for all your reports in Microsoft Dynamics 365 for Finance and Operations for free

The screenshot displays the Docentric AX Free Edition interface. On the left, the 'Print destination settings - Docentric' dialog box is open, showing options for 'Generate DS', 'Print archive', 'Screen', 'Printer', 'File', and 'Email'. The 'Email' option is selected. The 'Save in print archive?' section is set to 'Yes'. The 'Select template' dropdown is set to 'PurchaseOrder_@PurchId@.pdf'. The 'Output filename' is 'PurchaseOrder_@PurchId@.pdf'. The 'Output file format' is 'PDF'. The 'Download output file' section is set to 'Yes'. The 'Set the output filename suffix' section is set to 'Save to Azure storage'. The 'Blob container' is 'docentric-report-output'. The 'Blob path' is '@COMPANYID@/2017-02'. The 'Blob name' is '@COMPANYID@/2017-02/PurchaseOrder_@PurchId@.pdf'. The 'Override file if exists' section is set to 'Yes'. The 'Save to SharePoint' and 'Save to Attachments' sections are set to 'Yes'. The 'Document type' is 'File'. The 'Show SRS destinations' button is at the bottom. On the right, the 'Purchase order' report is displayed, showing the 'Tailspin Parts' company information and a table of line items. The table has columns: Line number, Item number, Description, Delivery date, Quantity, Unit, Unit price, Discount, and Amount. The total amount is 293,725.77 USD.

We are excited to contribute to the community by delivering some really amazing print destination features that work with all your D365 reports without exception, completely for free. Plus, you will be entitled to free support, hotfixes and updates.

With Docentric AX Free Edition you can:

- Preview reports using a far better viewer, also in on-premises environments.
- When emailing reports, send additional files as Email attachments.
- Edit Email body with a superior HTML editor and placeholders.
- Set up dynamic Email subject and attachment filename.
- Use placeholders also in output filenames, target folders, etc.
- Save reports in batch to Azure storage, SharePoint, File System or Attachments.
- Monitor and re-run reports from fully searchable Print Archive.
- Suggest the next great feature!

While Free Edition improves your report print destinations, the full product version provides much more:

- Helps you design reports far more easily, making them look professional and appealing.
- Speeds up your report customization by up to 10 times.
- Empowers end users to design reports using familiar and powerful MS Word.

We are always happy to get your feedback so that we can constantly learn, improve and deliver a better solution to you.
